

**MELANCHOLY OCCURRENCE.**—On Wednesday evening last, about 4 o'clock, H. S. Watlington and W. T. White, fell out, and fought in Messrs. Coke & Charlton's grocery, on Chestnut street, of this city. The fight ended in the death of the former by a stab of the latter in the right side of the neck, severing the neck vein. He bled to death on the pavement before the grocery in a few minutes, without a groan or a word. Both were to some extent under the influence of liquor. It is not customary with the Press to detail the particulars of such occurrences, nor is it proper for the ends of public justice. We shall therefore abstain from any mention of the circumstances of this fatal and melancholy occurrence, which may in the least, come any opinion to be formed for or against the accused. Mr. White had his committing trial before Mr. Justice Z. J. White on Thursday last, which closed about 11 o'clock, A. M., there being few witnesses to be examined. He was bound over to the Circuit Court in a bond of five thousand dollars. *Aberdeen Independent.*

#### A CARD.

We have recently learned there has been, and perhaps, is now circulating for signatures, a petition, complaining to the Post Office Department, that we have failed to comply with the order of that Department for daily mail service between Columbus and Clinton. We take this medium to inform the public interested, that all necessary arrangements have been made for a speedy compliance with the order. By the first mail after its receipt, in the latter part of July, we advised the Department it should be complied with as soon as the necessary stock could be procured. By the same mail we ordered the coaches, and, shortly after, one of our partners left for Tennessee to buy the necessary stock, with which he is now on his return home. The service was increased at our instance, through the active exertions of our Agent at Washington. Neither our friends nor our enemies need have misgivings or entertain any hopes that the order will not be complied with. We are informed also, that it is proposed by others if the contract is transferred to them, that they will expedite the mail several hours ahead of the present schedule time. In reply to this, we say to petitioners and the public, if the Department, during our contract term, shall order any increase of speed, or other improvement of service, we will at all times be willing and able, through the misrepresentation and slanders circulated against us to comply with our contract.

We are not ignorant of the fact that great gains have been taken to increase the public on the line from Columbus to Greensboro, with the belief that it was through the recommendation and influence of our senior partner, that the service on the route was reduced from daily to tri-weekly. We would take the present opportunity to disabuse ourselves of the prejudices against us on this account. The facts in relation to the reduction are these: The contract was accepted to C. V. Fortune in tri-weekly two horse coach service, which bid we bought on the express condition the Department would raise the service to four horse coaches. We do not pretend to say through whose or under whose influence the service was reduced, but we say most unequivocally it was through no recommendation or procurement of ours. On the contrary, it was upon the recommendation and through the agency of our senior partner, then at Washington, that the service was raised from two to four horse coaches. We have at no time opposed daily service upon the route; but it has been re-established upon our application. If those under whose name we have fallen on this account, will look around them, they will find, first, that those who have done "the wrong first began to brawl," and have laid the secret mischief that they have set abroad "to our charge."

#### THE KEY WEST SOLAR EVAPORATED SALT:

For Packing Beef, Pork, Fish, &c.: for salting Butters: for Table use, and for other culinary purposes.

THE undersigned having purchased the Key West SALT WORKS, beg leave to call the attention of the public to the fact, that under the management of the previous proprietors, the Salt heretofore made there has been considered by those who have used it much superior to Turke Island for the above purposes; and by improvements made within the last year and now in progress, we feel warranted in saying that we now have on hand, and shall continue to manufacture and keep for sale, an article of Salt better than is to be found in this country, or imported.

The English use the French "Key Salt," (solar evaporated). The Dutch re-dissolve solar evaporated Salt and further refine it before they use it. The people of this country alone use any and every kind that tastes salt. The Liverpool Salt is not used in England but to make Chlorine from, thus finding it unfit for salting provisions; and the same objection holds against the French Key Salt.

At Key West, as in France, we deposit our salt in the time into reservoirs before crystallizing the Salt; and we feel convinced that after using our Salt, not only the Packer but the Planter and Farmer will see no other when they can get it: the auteristic power of Key West Salt, being certainly twelve per centum greater than Turke Island, even if the time in the last named does not insure it, which it unquestionably does. All other Salt imported into this country is much inferior to Turke Island; and if any comparison can be drawn between our Salt and Liverpool ours is at least fifty per centum better, weight for weight; besides our Salt weighs 84 to 86 lbs. per bushel, whereas Liverpool only weighs 50 to 55 lbs.

We keep on hand three kinds of Salt. First, the coarsest kind of packing Salt. Second, a finer kind, which is made for covered pans, and is best for salting fish, &c. Third, the best Ground Salt, put in small bags, fitted for salting butter and for table use.

It will be remembered that Key West has a fine, safe harbor, and we pledge ourselves that vessels calling for Salt shall have the greatest possible dispatch.

#### COLLEGIATE HIGH SCHOOL.

THIS Institution will be opened on Monday the 5th day of April, or as soon thereafter as possible. The Trustees have employed as Principal,

**REV. MR. CORBIN,**  
who is qualified in an eminent degree for so high and responsible a station; and they recommend him to the public as being entitled to their confidence and patronage.

The Principal is assisted by Mr. Thos. C. Wren and Thos. B. Hargre, both of whom are gentlemen of character and undoubted qualifications.

This school fills a vacuum in our community long since needed—a medium or half-way ground between common Schools and Colleges; and the Trustees are determined to make it second to none of its class in the State, and expect in a short time to be able to give such an education as will qualify for any station in life.

The year will be divided into two terms of five months each, commencing on the first Monday of March and September respectively.

The rates of tuition are as follows: to be paid one half in advance.

For the Elementary English Studies, such as Grammar, Geography, Arithmetic, Punctuation, &c. \$20 00

For Mathematics and kindred studies, together with the Languages, Latin, Greek, &c. \$25 00

It should be borne in mind that a Primary Department, if well established and competent Teachers employed.
